

ioTechTag™

# New Innovative IoT Tag Reader

Finally an **Affordable & Easy** to use IoT  
Technology Access Management System.

- ✓ Cost Effective
- ✓ Easy Setup
- ✓ Restrict Access
- ✓ Block Users
- ✓ Log Reports
- ✓ Full Dashboard
- ✓ Cloud Based

## You have full control over who and when someone enters your property with our Cloud Link Dashboard.

Accentronix just launched their first of a kind loTechTag™ Access Management System. The loTechTag™ Access Management System allows you to monitor, manage and block tags (users) for a fraction of the cost compared to other expensive elaborate systems.

**Accentronix Cloud Link, allows access from where ever you are.**

With the loTechTag™ Access Management System, you can manage your tags from our Cloud-link online system. No need for a fancy computer.

Security Estates

Business Parks

Schools

Golf Estates

Home Owners

Retirement Villages

## Tag uses latest in Technology

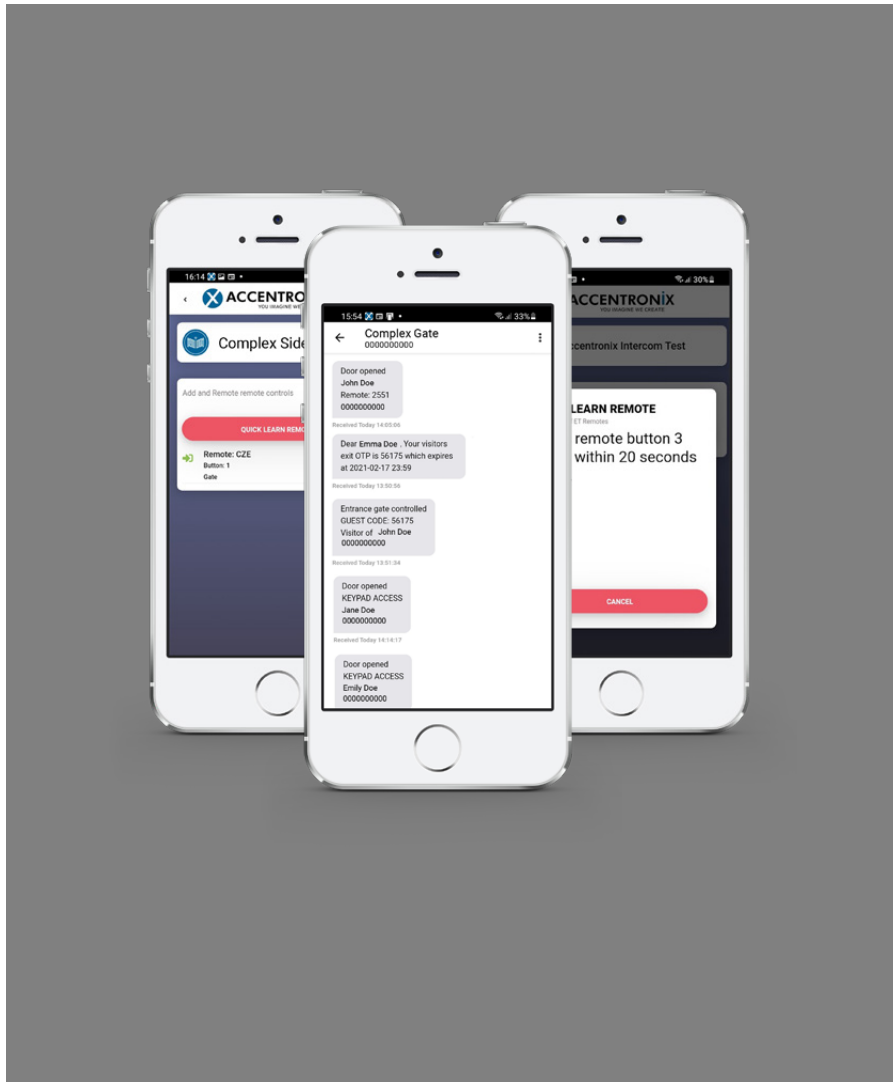

ioTechTag™

ioTechTag uses the latest in Technology, Mifare 13.56 MHz. With the latest technology your tag is safe and cannot be cloned. With the ioTechTag™ Access Management System, you can manage your ioTechtags from our Cloud-link online system. If you have a computer or phone with access to the internet you are good to go.

## Waterproof IoT Tag Reader
